RAVI CAHVDA

COMPUTER ENGINEERING STUDENT

PROFILE

A motivated Computer Engineering student at Dharamshinh Desai University with a solid foundation in programming fundamentals and data structures. Eager to apply my problem-solving skills and theoretical knowledge to practical projects, and contribute to a challenging, growth-oriented environment while learning new technologies.

EDUCATION

Pursuing Computer Engineering

2024-2028

Dahramshinh Desai University

GPA: 07.24/10.00

Shree R.A.Patel Boys High School

2022-2024

High School *P.R.: 98.18/100*

PROJECTS

Banking Management System

JAN 2025 - MAY 2025

Developed a comprehensive, console-based Banking Management System using C++. The application handles core functionalities including account creation, deposits, withdrawals, and balance inquiries. This project demonstrates strong skills in Object-Oriented Programming (OOP), data structures, and file handling for persistent data storage and retrieval.

Technologies Used: C,C++

Festival Greeting Card

JAN 2024 - MAY2024

Designed and developed a responsive and visually engaging festival greeting card using HTML5 and CSS3. This project showcases proficiency in modern frontend development, focusing on creative design, clean layout, and implementing subtle animations to create a festive user experience.

Technologies Used: HTML, CSS

Showshpere: Movie Ticket Booking JAN 2025 - MAY2025

System

Engineered "ShowSphere," a dynamic movie ticket booking website using HTML, CSS, and PHP. This full-stack project features user registration/login, movie listings, and an interactive seat selection map, managing all booking and user data with a database backend.

Technologies Used: HTML, CSS, PHP, SQL
